

# D SERIES BOAT LIFTS

**DRIVE ON PONTOON TECHNOLOGY**

## Product Highlights

Manufactured in Australia

Drive-on-pontoon

Storage solution for most trailer boats

Lower and lift boat with ease

Launch and retrieve by yourself

Complete walk around access

Suits most V hull fibreglass and aluminium boats

Less wear and tear on your hull

Modular

Can be located within marina berths or adjacent to pontoons or fixed jetties

## Features & Benefits

Tough and flexible - withstands heavy conditions and tough treatment

Built in slip resistant finish

High quality organic pigment with excellent UV resistance - UV 20 rating

Will not deteriorate in the harsh marine environment

Can be customised to suit vessel requirements

No anti-fouling required

Remote control operated with safety shut off valve
